

Jason Menard is a veteran Public Defender of over 20 years and the proud parent of a Senn High School junior. He is running for the Local School Council (LSC) to ensure every student has a safe, equitable, and resource-rich environment to call home.

Jason brings a wealth of leadership experience to the table, having previously served five years on the Wildwood Elementary LSC. His commitment to the Senn community is proven through his active roles in school safety and advocacy:

Community Safety & Advocacy: Jason serves on the Sanctuary Team and acts as an administrator for the Senn ICE Watch Patrols, working tirelessly to protect our immigrant families and ensure Senn remains a secure space for all.

Senn Parent Advisory Council (PAC): He works directly with families to bridge the gap between parents and administration.

Arts Preservation: As a former member of Stronger Senn, he successfully advocated to preserve the school's essential arts programming during critical budget cycles.

With two decades of experience navigating the legal system, Jason understands how to advocate for the underrepresented and manage complex institutional challenges. He is ready to use that expertise to fight for Senn's students, teachers, and programs.
